ATHLETE INFORMATION GUIDE

Welcome!

Our team would like to welcome you to Cultus Lake for the **13th annual Cultus Lake Triathlon weekend.**

Whether you're one of the many returning athletes or volunteers to the area or are experiencing the beauty and hospitality of the Fraser Valley for the first time, we hope that your stay is an enjoyable one. We hope that you have a successful race day and accomplish what you set out to do while still managing to take some time to appreciate and enjoy the many great things the area offers.

No race is possible without the support of a community, especially from those that have come out year after year as this race has grown over the last thirteen years.

On behalf of the entire Dynamic Race Events team we wish you all the best for one of the final events of the season, and have a safe race.

Sincerely,

PRE-RACE ATHLETE BRIEFING

Held from **5:00 – 5:30pm** at **Cultus Lake, Main Beach** at the same site as the package pick up. We will review the schedule of events and each portion of the race, as well any specific updates or changes to what has been outlined in the guide. TRIBC race officials will also be on hand to discuss triathlon rules. There will be a period for questions for all athletes. Additionally, after the meeting has concluded our race staff and officials will be available after the meeting to answer questions 1 on 1 (as needed).

BIKE CHECK IN & CHECK OUT

We encourage all athletes, if possible, to **check their bikes into transition early on Saturday 1-4:30pm** rather than race morning, *especially for first time athletes*. We have provided Saturday bike check from feedback we've received from athletes to help relieve longer lines and some of the stress and anxiety on race morning. Please respect the direction of the volunteers and TRI-BC officials.

If athletes show up at transition to rack their bikes and do not have an athlete wristband, a bike seat post number and race tattoo, and helmet number they will not be allowed into transition. There is NO mandatory bike inspection before the race.

NOTE: (No, please read this) You will not be allowed to remove your bike and gear from the transition area until **10:45 am** unless otherwise directed by race officials.

There will be a **BOTTLE FILL AREA** in transition & **PUMPS** from neutral support for those athletes needing water or air on race morning.

TIMING CHIPS & RACE TIMING

Timing chips will be provided to you outside transition on **race morning**. Each chip is encoded with your specific registration data, so do not trade your chip with another athlete! **WEAR THE TIMING CHIP OUTSIDE OF YOUR WETSUIT!**

The chip must be affixed to either ankle prior to the swim start and must be worn during the entire event. Athletes are responsible for crossing the timing mats at the end of each segment (e.g., swim finish) and for the safe return of the chip at the finish line. There will be a charge for lost chips as we are billed from our timing company.

If you lose your timing chip race morning or after the swim portion see the timers who will be at the swim start/finish. If you leave transition and realize you are without a timing chip stop at the timing tent at the Finish Line and get one before as you are heading out on the bike or run course. If you have any timing issues post-race, please see them at the timing truck at the finish line.

FINISH WITH NO CHIP = DQ

GENERAL INFO (continued)

TIMING & RESULTS

Official race results will be posted prior to the awards presentation. Please report any discrepancy to a race official prior to the start of the awards presentation. Athletes who do not wear the timing chip during the entire event will not be scored. Please note that the clock at the finish line reflects the start time of the first swim wave.

Results will be posted near the Finish as they become available throughout the day.

Please check to ensure that your time and age group results are correct as results are posted prior to the awards. Any changes required that are not brought to the attention of the timers prior to the final results being processed before the awards will not be adjusted/changed after and stand as official.

BODY MARKING

Body marking has been replaced by race tattoos. Each athlete is responsible for putting on their race number tattoo before the race and the **MUST** be applied before you will be given access to transition.

You will receive two race number (2) Tattoos in your athlete kit. Affix one to each arm, unless you intend on wearing sleeves, then affix one on your calf.

If you are picking up your package race morning, we will have supplies for athletes needing to put on their race number tattoos race morning.

Relay teams – One number is for your cyclist and one number is for your runner, no tattoo is necessary for your swimmer.

PARKING

Cultus Lake is all PAY Parking – STRICTLY ENFORCED!

Cultus Lake Park, unlike a Provincial Park, relies on parking fees to help sustain the beautiful public areas 365 days a year. Lot taxes and Sunnyside Campground are their other two revenue streams. Parking is enforced by Lions Parking Ltd. Athletes must ensure that they purchase parking prior to the race or you will receive a ticket notice.

Paid Parking is in effect year-round in all Cultus Lake Park public parking areas:

Lot A - West Side: \$5/hour or \$15/day (May 1-Sep 30)

Lot B - Main Beach: \$5/hour or \$15/day (May 1-Sep 30)

Lot D – Behind the Waterslide: \$5/hour or \$15/day (May 1-Sep 30)

*Lot D is the **PREFERRED** parking lot for RACE DAY, to access continue through the roundabout past the shopping centre and turn left just past the waterslides

ATHLETES – please Park in LOT B or Lot D. Lot B is the parking lot at Main Beach next to transition. Lot D is behind the Water Slides. Please park as directed so that we can maximize space.

DO NOT PARK IN THE SHOPPING PLAZA, YOU WILL GET A TICKET.

THANK A VOLUNTEER!

A portion of your race fees goes towards ensuring that we have lots of volunteers to assist you in having the best race day possible. Groups are paid honorariums for coming out, they use the day to fundraise and support a community event.

COURSE CUT-OFF TIMES

Cut offs are in place to ensure that athletes can finish safely and successfully within the prescribed time. Our staff and volunteers want to ensure your safety and the safety of those supporting you. We appreciate random things coming up on race day, and as athletes ourselves a cut off in our eyes is likely a last measure. Our team will provide encouragement (within the rules) if you're getting close, but if needed we will attempt verbal warnings ahead of cutting you off. If you are cut off, depending on the venue we will notify the athlete and likely when they reach transition they will not be able to continue their race, the timing chip is removed, and their race is over for that day. **We appreciate your understanding in advance.**

Specific Cut Off times are dependent on the venue/ activity and listed in each subsequent section and the general schedule. Due to restrictions of municipal permits, race insurance and volunteer staffing, **all participants must remain on pace to complete their event within 8.5 hours from start time.**

Again, we appreciate your understanding in advance if we need to cut you off.

DROPPING OUT

Please notify a race official and return your timing chip at the finish line if you drop out of the race. Please do not cross the timing mat at the finish.

Unsportsmanlike conduct or the verbal abuse of any race official or volunteer during the race or at any time during event weekend will result in immediate disqualification.
